HELENA KORNILOVA
ARCHITECTURE D'INTÉRIEUR

This apartment is set amid beautiful countryside close to Moscow. It is a family apartment, 200 square metres in size, and includes three bedrooms and two bathrooms. The style of the apartment can be described as 'opulent-eclectic'; it is decorated in pastel colours with graphic accents. A mix of rare antique and vintage pieces are found around the space, as well as custom-made furniture and decorative pieces that have been conceived by the designer, Helena Kornilova, and created from her designs.
